Nicholas Richard Collins Superhero Foundation  
41 Elm St  
Canton, MA 02021-1243

Dear Mike, Tera and Family,

Thank you to the Nicholas Richard Collins Superhero Foundation for your amazing gift to support bereavement programming for pediatric families at Dana-Farber Cancer Institute. I am humbled by your vote of confidence in our team's work, and I am immensely grateful for your support.

Philanthropic dollars are invaluable to the Bereavement Service to help us continue to provide support to the families of our patients at no charge. Dr. Muriel and I have appreciated getting to know you this past year and were very glad that we could both attend the recent event, 'Beyond the Diagnosis', at Lab Central.

With your generous support, we are planning a bereavement conference for pediatric families from DFCI on Saturday March 14, 2026. We hope you might be able to attend. Our plan is to have a keynote speaker, a panel of bereaved parents and breakout groups for discussions, including parents, grandparents, aunts, and uncles. Dr. Muriel will share her expertise about parenting grieving children. In parallel, clinicians from our pediatric psychosocial team will provide activities for bereaved siblings aged between 5-18 years – something that we know is very important to you and the foundation. Hopefully, Amelia might be able to attend.

We will be designing the invitation shortly and with your permission I'd like to include an acknowledgement to the Nicholas Richard Collins Superhero Foundation for supporting the conference.

On behalf of the bereaved families, who will be impacted by this important support, and the entire Institute, thank you very much.

Sincerely,

*Sue Morris*

Sue E. Morris PsyD  
Director, Bereavement Services
